

NEW A2 BETA CASEIN TEST OPTION

Want to know the Beta Casein Status of your young stock without the expense of a full Gene Mapping DNA profile test?

Results are only for Beta Casein A2 status, this is not a full DNA test.

We also offer a Milk test, priced at \$19.90 per animal plus GST.

Contact your CRV Ambreed Field Consultant for further information.

WE NOW OFFER A NASAL SWAB TEST

Fast Turnaround
(5 days)

Great Price
